# ADJUSTABLE CABLE SEAL

Ø 3.5MM ISO PASS 17712 APPROVED

This adjustable seal is made to secure goods during their transport or storage.

You can install it on many different support to fit all transport type : containers, trucks, chains, tir cables, doors... and it is ISO PAS 17712 approved on that cable diameter (3.5mm).

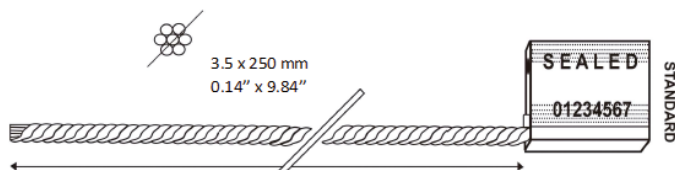

You can adjust this seal once inserted the opposite end of the cable into the hole, then pulled it to the maximum extend. Once adjusted, you will not be able to open the seal unless you break it with adapted shears.

Other dimensions are available on special request. Body is anodised aluminium made and cable is steel made.

- Packaging : 500 pcs per box
